Knee Injury

Foot Injury

After several years of research, Chetsa Life Sciences Technology LLC, USA, and Arcade Pharma Manufacturing (Pvt) Ltd., Sri Lanka have developed ARC Balm Extra Strength and ARC Balm Mild, both utilizing natural essential oils as their primary ingredients. ARC Balm Extra Strength features a higher concentration of active ingredients for quicker pain relief, while ARC Balm Mild has a lower concentration, making it ideal for sensitive skin. Both products are designed to soothe pain effectively

ARC BALM EXTRA STRENGTH – Instant pain relief

ARC Balm Extra Strength is an aromatherapy-based product designed to de-stress, soothe, calm, and relax the body. It offers rapid relief from back pain, muscular aches, dizziness, colds, sprains, cramps, headaches, rheumatism, sneezing, toothaches, and insect bites. ARC Balm Extra Strength promotes harmony and balance in the nervous system while alleviating bodily pain through tonification and stimulation. The product has a shelf life of 5 years from the date of manufacturing.

Directions for use

Apply ARC Balm Extra Strength in a sufficient quantity to the affected areas and massage gently. For faster relief, immerse the affected areas in hot water before application. To achieve the best results, avoid exposing the treated areas to cold temperatures afterward. Repeat 2-3 times daily.

For customers with extremely sensitive skin

Before use, perform a patch test by applying a small amount of the product to a small area of skin

Caution

Use only as directed. For external use only and do not ingest. Avoid contact with eyes; if contact occurs, rinse thoroughly with clean water. Keep out of reach of children.

Storage:

Store in a cool, dry place below 30°C, away from moisture and direct sunlight.

For External Use Only
Keep out of reach of children.

Effects of the ingredients:

ARC Balm Extra Strength is crafted with a blend of essential oils renowned for their therapeutic properties.

Eucalyptus Oil: Traditionally used for its pain-relieving effects.

Peppermint Oil and Menthol: Known for modulating inflammation and treating headaches and muscle pain.

Clove Oil: Enhances blood circulation to alleviate pain.

Ceylon Cinnamon Oil: Helps relieve chronic pain, joint stiffness, and muscle aches. This combination of oils is selected to provide a comprehensive approach to pain relief and overall wellness.
